

## Following the success of its CM/RM series of thermal printer mechanisms, AXIOHM today announces the launch of a *Premium* version

*For even more outstanding performance*

### **Axiohm : Always Faster and More Robust Printing Solutions**

---

Widely renowned for its reliability and much acclaimed by key players in the transportation market, where harsh conditions reign, the reputation of the CM/RM printer mechanism series is already well established.

Building on this success, and answering the market's demand, Axiohm offers a new and enhanced version (*Premium version*) of its CM/RM series of printer mechanisms, which, based on the latest technologies, offers even more outstanding performance:

- ✓ **Faster:** The *Premium* version reaches a printing speed of **250 mm/s** versus 90 with the *Standard* version.
- ✓ **More robust:** With increased mechanical performance, the *Premium* version warrants printing up to **100 km of paper** versus 50 km with the *Standard* version.
- ✓ **More economic :** With **its newly extended 56 mm printing width**, versus 48 with the *Standard* version, the *Premium* version of this 60 mm mechanism was designed to maximize printing space, making it a cost-effective and paper-saving solution.

Available starting late July 2007 through direct sales or via our worldwide distribution network, the *Premium* version of the CM/RM series of mechanism addresses the special needs of the Transportation and Tests et Measurement markets with a unique combination of ultra-fast print speed, high reliability, small foot print and capability to print on papers up to 190 µm thick.
